

Joint Security Awareness Council

Dallas-Fort Worth, Texas

March 18, 2021

Hello JSAC Workshop Attendees,

I want to welcome you to the 2021 Joint Security Awareness Council (JSAC) Workshops. As the last year has stretched us all both personally and professionally, we have learned to evolve and adapt. We, as your JSAC Team, have worked hard to provide you the traditional JSAC platform virtually for 2021.

Your JSAC was formed in January 1992, and (except for the now notorious 2020) for the past 29 years, JSAC has provided the DFW security community an opportunity to receive educational information for professional development. This is the first year we get the opportunity and pleasure of providing this training on a virtual platform. Every Wednesday in April, JSAC will provide two General Sessions via Zoom and while your entire JSAC Committee will deeply miss engaging with you in person, we look forward to reaching more people and providing you the opportunity to earn CEU's in your pajama pants!

Regardless, if this is your first experience with JSAC or if you are a seasoned attendee, we are excited that you are able to take advantage of this opportunity. The JSAC team has arranged for Subject Matter Experts (SMEs) to present interesting, industry relevant topics spread across 4 days of general sessions throughout the month of April.

Bottom line, relax and enjoy your time attending the virtual workshops and we hope to make this a memorable, worthwhile investment for you. If there is anything we can do to improve future JSAC workshops, we would like to hear from you.

We look forward to our 30th year in the more traditional, in person environment and would love to hear any suggestions or ideas you have to make your JSAC 30th anniversary unique and memorable.

Thank you.

Heather

Heather S. Dunn
